Focus: Choosing the correct part of speech: adjectives and adverbs

Some questions in the TOEIC test will ask you to choose the correct part of speech. Learning to identify appropriate uses of adjectives and adverbs can help improve your score. This unit helps raise your awareness of how these words are formed and used.

Test tip

Adjectives often follow the verb *to be* or other verbs related to senses (look, smell, etc.).

Examples

*The food is **terrible**.
It tastes **delicious**.*

1 Language building: Adjective and adverb endings

-ive	supportive - creative -
-ent (-ant)	confident - elegant - efficient

Adverbs

Now choose two of the words from the chart above and make sentences (either true or false) about someone or something in the room. Read your sentence to your partner and see if they agree or not.

Example

A: *Min Joon always studies English very carefully.*

B: *I don't really think so.*

Focus: Using context to answer vocabulary questions

Using what you have learnt to help infer meaning

In Unit 7 we looked at answering specific information questions. In this unit we will look at the type of questions you should answer next – vocabulary, main idea and inference.

Test tip

The context of the passage can give clues to vocabulary meaning

Read the sentences around the target word to try to guess the meaning.

Test tip

These questions sometimes use challenging vocabulary

If you don't know all of the words, ignore the ones you do know that don't answer the question. This will increase your chances of a successful guess.

1 Test tactic: Use context to answer vocabulary questions

- A Look at vocabulary question 1 below. Find the word in the passage and cross it out. Brainstorm other words that might fit in the sentence and discuss your ideas with a partner.

1. The word “constitute” in paragraph 2, line 2, is closest in meaning to ...

If there is a medical reason for the request, it must be received prior to the mid-point of the program. Refunds for sports and fitness programs will NOT be processed until ALL gym and pool passes have been returned.

Please note that advising an instructor or not attending a program will not constitute a notice of withdrawal.

Cash/check remittances will be refunded by check. Please allow our office 4 to 6 weeks to process your refund. Credit card refunds will go back on the original card.

- B Look at the answer choices and choose the one that seems closest to your idea.

- (A) begin
- (B) signify
- (C) remove
- (D) understand

If you aren't familiar with some of the words and can't see an obvious answer, ignore any incorrect words you do know and make a guess with the remaining choices. Read the sentence (silently) with each remaining choice and choose the one that “sounds” the best.

- C Do the same for the following question.

The word “process” in paragraph 3, line 2, is closest in meaning to

- (A) examine
- (B) replace
- (C) handle
- (D) maintain

Test tip

Answering the easier questions first gives you information

Answering the specific information and vocabulary questions first should help you to answer the main idea or inference questions. If not, skim the passage to confirm the most likely answer choice.

2 Test tactic: Use what you have learnt to infer meaning

A Underline the key words in the answer choices. Choice (A) is done for you.

2. What is this notice mainly about?

- (A) The costs of summer college programs
- (B) The way to obtain refunds for unattended courses
- (C) Details of payment for summer programs
- (D) Common reasons for withdrawal from college courses

Follow up: Compare your choices with a partner.

B Now answer the question above. You should already have enough understanding of the passage to make a choice (it is the same passage you used with specific information questions in Unit 7). If you still aren't sure, skim the passage and choose the one that seems closest to the overall meaning.

Summer program refund policy

The effective date of the withdrawal/cancellation is the date the withdrawal notice is received by the center, regardless of the date the participant stopped attending the class.

Withdrawal requests from all registered courses must be made before the second class is held. If the request is received 5 business days prior to the first class, the amount refunded will be the full amount, less the refund administration fee (\$25.00). If the request is received after the first class, but before the second class, the amount refunded will be the full amount, less the cost of the first class and less the administration fee (\$25.00). From the second lesson onwards, no refunds/credits will be issued.

If there is a medical reason for the request, a doctor's note must be received prior to the mid-point of the program. Refunds for sports and fitness programs will NOT be processed until ALL gym and pool passes have been returned. Please note that advising an instructor or not attending a program will not constitute a notice of withdrawal.

Cash/check remittances will be refunded by check. Please allow our office 4 to 6 weeks to process your refund. Credit card refunds will go back on the original card.

Test tip

In inference questions the answers will not be stated directly in the passage

The correct option will relate to or paraphrase ideas from the text. Look for words or ideas in the passage related to the things noted in each answer choice.

C Write the letter of the answer choice in the appropriate column in the chart on page 76. Choice (A) is done for you.

3. Where might you see this notice?

- (A) A student alumni magazine
- (B) An insurance policy
- (C) A medical journal
- (D) A community services bulletin

			A
Things that are insured and things that aren't covered Monthly payments The insurance company name Policy number/date	Profile of a famous doctor Research on diseases Descriptions of new medical techniques Ads for health services	Upcoming courses, services, or events Details of costs and schedules for community services Available facilities	Profiles of famous ex-students Fund-raising information Information on student admission Upcoming special events at the university

Questions 1–3 refer to the following letter.

Roger,

It was a great pleasure to speak with you on the phone last week regarding our new product line that we will be introducing next year in Europe. Unfortunately, at that time, I was unable to confirm the anticipated launch date for the New Health line and the expected level of marketing support this product will receive.

I am now able to confirm that the launch date for our new range in our non-U.S. markets will be April 1. Prior to this date we will be launching a major marketing campaign for our new products which will include the placing of two-page spreads in leading health and fashion magazines, and TV advertisements. We are expecting to shortly confirm a well-known international model as the face for the campaign.

I will be coming to London early next month and I was wondering if we could meet to discuss our products and pricing strategies in more detail? I will be able to supply you with more information about not only the New Health line, but also the other facial and body moisturizing products that we offer.

I look forward to meeting you and discussing this sales opportunity with you further.

Regards,
Lewis

Now apply what you have learnt at the actual test speed with questions 1–10.

Recommended Time: 12 minutes (or less)

Try to spend no more than about 60 seconds on each item; if you don't know the answer, guess and move on. If you have time at the end review any answers you weren't sure about.

Marko Cerise
Human Relations Manager
Global Architecture Associates

Dear Mr Cerise,

I read your job advertisement in *Professional Monthly* and believe that I am well suited to fill the position.

For the past 6 years I have been working as the regional promotions manager for a national chain of stationery stores. In this position, I was responsible for overseeing a team of six promotions and marketing staff. It was my responsibility to plan the sales events and promotional campaigns, and produce evaluation reports on the impact of each campaign. The position entailed regular visits to each of the nine branches in the area, so I am used to spending a significant part of my working week on the road.

A big part of the job was interacting with both senior management and individual store managers to ensure that new product lines were appropriately supported and within budget targets. I have found working in this position to be very rewarding but I feel I am ready for a change of horizons and look forward to facing new challenges.

In respect to my current position, I would be willing to start within one month of receiving a job offer.

For further employment and educational details please see the accompanying résumé.

Sincerely,

Jennifer Dankert

Role play

You bought a watch (a Seimex Accuron) a month ago. Yesterday, after swimming, you realized your watch wasn't working. You noticed there was some water inside the face. The watch is clearly labeled as "water-resistant" and is almost brand new!

Read the warranty below. Then answer the questions with a partner.

1. How long is the warranty good for?
2. What two things may the company do if it is broken?
3. What situations does the warranty not cover?
4. What should you do if you want to make a warranty claim?

SEIMEX INTERNATIONAL WARRANTY

Your SEIMEX watch is warranted against manufacturing defects by Seimex Corporation for a period of ONE YEAR from the original purchase date. Please note that Seimex may, at its option, repair your watch or replace it with an identical or similar model.

IMPORTANT — PLEASE NOTE THAT THIS WARRANTY DOES NOT COVER DEFECTS OR DAMAGE TO YOUR WATCH:

- 1) if the watch was not originally purchased from an authorized Seimex retailer.
- 2) from repair services not performed by Seimex.
- 3) from accidents, or use for purposes outside of those specified in the user's manual.

Report all warranty claims to your local authorized SEIMEX dealer for prompt service.

Task

With your partner, write a complaint letter (or complete the model on the next page) to the local Seimex dealer where you bought the watch. Include the following details:

- Tell them when you bought the watch (note the model).
- Explain what happened.
- Point out that
 - the watch hasn't been bumped or dropped
 - it is supposed to be water-resistant
 - there must be a problem with the watch
- Since it is still under warranty, find out how soon they can repair or replace the watch.

Culture note

When making complaints, try not to sound rude or personal, e.g. *You must fix the problem you caused ...*

It is better to say, *I really think this problem is covered by the guarantee, so it's only fair you should fix it.*

To whom it may concern,

I am writing to complain about a Seimex _____ watch I purchased
_____ in your shop. I was quite happy with it until yesterday,
after a swim, _____ and
_____ inside the face.

During the time I have owned it, it hasn't been _____ and since it is
clearly labeled as water-resistant there is obviously a _____
_____.

Since it is still under warranty I would like to _____
_____.

I look forward to hearing from you soon.

Yours sincerely,

Further study

Using your completed letter, write two Part 7 type questions (at least one should be a vocabulary, main idea or inference question) to test a partner in the next lesson.
